- All in one, plug and play solar system solution
- NiMH battery with 10 years lifetime at a constant temperature of 40°C for a low cost of ownership
- No maintenance requirements
- Lighting service, 365 days a year

Photographs, line drawings and photometric data are representative only. For specific product detail please select an individual product.

Material/Finish

Materials: ABS PMMA casing (100% recycled)

Finish: powder coated stainless steel and aluminium

Installation/Mounting

Battery, power supply and solar panel in one single package top mounted on a Ø60mm spigot (or Ø76mm spigot only for Sunnapak 4). Comes pre-cabled including connectors for an easy connection to the luminaire, side mounted on a Ø60mm bracket. Pole not included, no door needed. Mounting height from 4 to 10m depending on the variant. Luminaire delivered ready to install, separately from the Sunnapak.
