

Similo

Elegant lighting integration for buildings and promenades

- A new concept in outdoor lighting. As a recessed/surface wall-mounted luminaire with an extremely thin profile and integrated driver, it assimilates seamlessly with building surrounds and promenades. The ideal solution for rejuvenating exterior spaces.
- Elegant in its design, Similo discretely accentuates and defines building contours and pathways to provide clear guidance – without any glare. Its uniform light distribution provides a pleasant luminous ambience offering comfort and assurance.
- With its sharp contours and high-quality finish, Similo easily integrates with all types of wall surfaces. Available in various sizes and shapes (round, square and rectangular), it is able to accommodate wide-ranging aesthetic design needs.

Photographs, line drawings and photometric data are representative only. For specific product detail please select an individual product.

Material/Finish

Housing: die-cast aluminium in EN AB-47100 (low copper content) for high corrosion resistance, finished textured anthracite, additional colours on request.

Diffuser: toughened glass.

Screws: stainless steel.

Installation/Mounting

Easy, user friendly installation, designed for feed through installation.
